

EDUCATION

***SWEET HOME
IN AFUÁ***

'A' is a Sweet Home Afuá student who, because of her age, could continue with us, but God's almighty benevolent force blessed us so we could eventually include her in another part of the project – dedicated exclusively to teenagers. She is an extremely shy girl, born in a broken home with separated parents, her brother-in-law in prison and one of her sisters, a 17-year-old mother. 'A' has been transformed every day. She accepted Jesus as her Lord and actively participates in the church, and she longs to grow up into a missionary and a teacher. She wants a better future, and with Jesus in her life that's what she's sure to have!

WHERE WE WORK

The EMAF base office in Afuá, Marajó Archipelago - State of Pará

WHAT WE DO

We cooperate for the full development of children, helping them in their school learning, in living with their neighbours and treating their physical health, as well as teaching about the Kingdom of God. We look to protect these children from sexual abuse and precocious sexuality.

OUR REACH

We work with seventy children aged between six and fifteen years of age and their relatives, who live in extremely precarious conditions.

OUR PRESENCE/THE TEAM

We active from Tuesday to Friday every week, in the morning and afternoon.

OUR ACTIVITIES

We begin with devotional service followed by the regular daily activities: academic reinforcement, lectures, music, theater, sports, video, arts and games.

WHAT WE HAVE

We have three teachers, two sports lecturers, one cook, and a maintenance staff of two. This team works in a complex with three classrooms, a sports court, dining area, kitchen and bathrooms for women and men.

WHAT WE NEED

- We need more financial help for our children, more outside supporters who can sponsor each of them with a US\$25.00 monthly donation.
